SAILING YACHT PRICES

This price list contains all recommended prices for BENETEAU sailing yachts, together with individual finishes and principal options offered.

To obtain an accurate quotation for the boat you plan to buy, it is essential to contact a BENETEAU dealer, who will advise you in detail on the specification and total cost of your planned investment.

PLEASE NOTE: not all options are compatible with each other, and the list of available options shown here may not be comprehensive (for example, it does not include our very extensive range of upholstery, fabric and leather options).

You can find a complete list of BENETEAU dealers on our website at:

www.beneteau.com.

Our worldwide dealership network includes more than 250 approved professional suppliers.
